

WHY RECYCLE?

When you recycle, you preserve and protect the environment, and save money because recycling:

- Preserves natural resources
- Saves landfill space
- Reduces pollution and greenhouse gases
- Conserves energy

Whenever you buy over-packaged or disposable products, you are essentially buying trash.

DON'T THROW YOUR CASH IN THE TRASH!

Look for the Recycling Symbol

Each arrow has its own representation in the recycling process, known as the "Three R's" of Recycling: Reduce, Reuse, Recycle.

REDUCE  **REUSE**  **RECYCLE**

TIPS FOR REDUCING SOLID WASTE

REDUCE

- Become a responsible consumer
- Determine if you are making a necessary purchase
- Purchase durable products
- Buy in bulk
- Do not purchase over packaged items

REUSE

- Consider reusable products
- Maintain and repair durable products
- Reuse bags, containers and other items
- Borrow, rent or share items used infrequently
- Sell or donate goods instead of throwing them out

RECYCLE

- Use this guide and practice recycling
- Choose recyclable products and containers
- Select products made from recycled materials
- Learn how to backyard compost

VIWMA VISION & MISSION STATEMENT

The vision of the Virgin Islands Waste Management Authority is to provide territory-wide collection, treatment and disposal services in a manner that will preserve the environment for the future generations employing education and transparency of operations to build an agency that will serve as a model throughout the Caribbean.

The mission of the Virgin Islands Waste Management Authority is to protect public health and the natural beauty of the environment for residents and visitors through efficient, effective and fiscally responsible practices.
